SUMMARY

25X1D

The Ulyanovsk Army Depot Southwest is located near the southeast edge of Ulyanovsk, and 6 kilometers (km) southwest of the Ulyanovsk Railroad Bridge over the Don River (Figure 1). The installation occupies about 160 acres and contains 23 warehouses, 7 general storage buildings, 3 possible barracks, 2 probable administration buildings, 11 probable dependents quarters, and 37 miscellaneous support buildings (Figures 2 and 3).

KEYHOLE missions covered the area from [REDACTED]. No significant changes in storage facilities were observed, but 2 of the possible barracks were constructed after [REDACTED]. Comparison with World War II photography shows that the installation was present and active during World War II, and that 6 major buildings have been erected in the storage area since that time.
